Park location on the map: here

Reg.nr.:
Director: Ing. Michal Lattner, Ph.D. (michal.lattner@ujep.cz)

Operating data of the park

Membership in STPA: YES
State of the park: in process of accreditation
Partner in project SPINNET: NO
Launch day: 1.4. 2010

Founder(s): The Faculty of Mechanical Engineering J. E. Purkyně University (FPTM JEPU)
Owner(s): FME JEPU
Operator(s): FME JEPU

Type of entity: part of the FME JEPU
Criteria for acceptance of innovation firm:

Description of the park

Introduction

The park has laboratories and specialized workplaces equipped with modern facilities and equipment for the implementation of research, development and problem solving of industrial companies from all over the Czech Republic in the areas of materials and technologies. The know-how of the faculty's research and academic staff in the areas of materials and technologies as well as economics and business management is used in cooperation with companies. The Park forms a connection between industry and its needs and research and academia and its knowledge. It offers companies both short-term cooperation in the form of measurements and analyses and long-term cooperation on research and development in the areas of materials and technologies - destructive and non-destructive testing of materials, corrosion, fractography and metallography, thermal processes, optimization and design of cutting conditions, etc. The park also offers courses in the areas of materials and technology, management and business economics.
