Criteria for acceptance of innovation firm: Research, development, compliance with the focus of the park.

Description of the park

Introduction

Jihlava Technology Park (TPJ) currently has a total usable area of 13,389.23 m². More than 60 offices of various sizes are available, from min. sizes up to 18-20 m² up to offices with an area of 93 m². Meeting rooms, presentation rooms, a common reception, technical warehouses, archiving spaces and other technical facilities are also available for settled companies.

A total of 8 prototype workshops are available in the premises of TPJ Hruškovy Dvory, which are used for rent to established companies as prototype workshops for the development, testing and demonstration of prototypes. Each prototype workshop has its own office and facilities.

Cooperation with universities

Long-term cooperation with universities is mainly focused on creating specialized technical and informational support for the development of innovative activities of the cluster and the companies involved. Due to the focus of the development projects within the cluster activities, cooperation is focused on (the field of Automation, Robotization, Mechatronics, IT and their successful interconnection).
